# DALI Lighting Awards 2021 open for entries

Piscataway, NJ, USA – 9 September 2021:  The
DALI Alliance (DiiA), the global industry
organization for DALI lighting control,
announces the call for entries for the DALI
Lighting Awards 2021.

With a closing date of 31 October 2021, the DALI Lighting Awards 2021 will highlight and
recognize the best use of DALI control applications and solutions in lighting projects across
the world.

The DALI Lighting Awards 2021 will accept entries for all projects linked with DALI
technology in the following categories: Commercial/Professional, Entertainment &
Architectural, Healthcare & Education, Industrial, Infrastructure, Outdoor/Smart City,
Residential, and Retail & Hospitality.

"We were very pleased to see the breadth and depth of DALI projects that were submitted
for last year's DALI Lighting Awards, and this year we look forward to seeing further exciting
examples of DALI in action," said Paul Drosihn, DALI Alliance General Manager. Winners of
the DALI Lighting Awards 2020 can be viewed here.

There is no entry fee for the Awards, and entrants can nominate multiple projects on an
individual basis or as part of a team. Entries can be submitted from any section of the supply
chain (including lighting designers, electrical consultants, architects, installers and
commissioning engineers among others). Please see our website (www.dali-
alliance.org/awards2021) for detailed entry criteria and a list of the information required.

Our international judging panel includes lighting designers, editors from lighting trade magazines, and representatives from lighting organizations in the USA, Europe and China.

To submit a project, entrants are invited to complete an online entry form on the DALI Alliance website (www.dali-alliance.org/awards2021). Entries for the Awards are open until 31 October 2021. The winners will be announced in January next year and will receive publicity on the DALI Alliance website and other channels.

**About the DALI Alliance**

The DALI Alliance (also known as the Digital Illumination Interface Alliance or DiiA) is an open, global consortium of lighting companies that drives the growth of lighting-control solutions based on internationally standardized Digital Addressable Lighting Interface (DALI) technology. The organization operates the DALI-2 and D4i certification programs to boost levels of cross-vendor interoperability. As lighting continues to evolve and converge with the IoT, the DALI Alliance is also driving the standardization of wireless and IP-based connectivity solutions.
